CHINOOK®

Signature White Whisky

Smooth as Whisky, Clear as Vodka

Chinook Signature White Whisky is a white whisky like no other. Other white “whiskies” are merely grain alcohol that hasn’t been aged. Other white “whiskies” haven’t had the benefit the wood aging that makes a whisky, well, a whisky.

Chinook Signature White Whiskey is aged in wood, giving it a genuine smooth caramel & vanilla flavour, while a special filtration rounds off the oak overtones for more balanced profile. If you’re looking for a sophisticated, modern whisky, the choice is clear.

TASTING NOTES

With a mild floral aroma and hints of licorice, anisette, vanilla and honey, Chinook Signature White Whiskey is unmistakably the finest soft whisky you will taste anywhere.
