## PRODUCT INFORMATION & TASTING NOTES

Gold Coast XO rum is made in the birthplace of Rum... on the island of Barbados in the Caribbean. On the golden sands where the rum is distilled, white sands, turquoise waters and the bright sun are always in abundance. These conditions are perfect for producing the highest quality sugar cane, which has been growing in Barbados since the 1600's. In every bottle of the Gold Coast XO Rum, you can taste the essence of the relaxed island lifestyle and hospitality that is often called a "paradise on earth" the Golden Sands of the Caribbean Island of Barbados.
